

The Principal

It is my privilege and great pleasure to welcoming you at Vasantprabha college of Nursing Buldana. The aim of nursing courses at Vasanatprabha College Of Nursing Buldana is to provide education to the society especially from areas of poor and backward sections of Vidarbha region and Marathwada . Nursing is a noble profession in the health care sector focused on an individual, family and community to attain, maintain, or recover optimal health and quality of life. Curriculum of nursing education at Vasantprabha college of Nursing Buldana consists of theoretical and practical training to prepare student nurses to perform duties in the end as registered nursing professionals in all positions at primary, secondary and tertiary level efficiently and independently in various health sectors.

Vasantprabha college of Nursing Buldana has evolved a unique nursing education program blending futuristic needs with developmental skills that are essential for nursing students. With our state-of-the art infrastructure, splendid clinical facilities and qualified & experienced staff, the students will be able to emerge as an efficient nursing professional that the health sector desires to have.

Today nursing is one of the most exciting and in-demand professions in India and worldwide. There is a great deal of need for skilled and registered nurses in the field medicine. The world is far away from reaching its brink when we talk about qualified and skilled nurses. Talking only of India, we are far - far away from reaching the adequate nurse - patient ratio. Hence, there are numerous opportunities available in the private as well as govt. sectors who offer jobs to qualified nurses immediately after completion of nursing course.

“Nurse Just Another word to describe a person strong enough to tolerate everything and soft enough to understand everyone”.

Prof. Chavan Sunilkumar D.

Vasantprabha College Of Nursing Buldana
